FROM OUR PRINCIPAL

“Taking part in a competition is great, but it’s what we learn once the competition is over that can drive us to even greater outcomes”

While some parents and students may be a bit dubious about participating in extracurricular activities, in particular those activities that are outside of their comfort zone, research has shown that these activities actually bring with them many benefits. Getting involved in extracurricular activities at school is a wise choice, and it can be very important in helping students to develop many working skills, people skills and skills that they can transfer into other parts of their life. Generally the benefits of extracurricular activities are:

1. Learning Time Management and Prioritizing
2. Getting Involved in Diverse Interests
3. Learning about Long Term Commitments
4. Making a Contribution
5. Raises Self-Esteem
6. Building Solid Relationship Skills

All these benefits have been shown to enhance a child’s physical and emotional well-being.

Unfortunately, we had to reschedule our Swimming Carnival for Term 1, however this will go ahead in Term 4. Despite this we continue with our house competition with Sports Day to be held on Friday, March 25th.

The Governing Council AGM will be Monday, April 4th at 7:30pm. We welcome all parents who wish to be on Governing Council to attend. If you are interested in becoming part of this very important group please feel free to contact me at the school.

COVID restrictions continue across Department for Education schools. At this time QR check-in codes are no longer required for staff and visitors on-site. We are endeavouring to hold meetings via phone call, Teams or in-person in small groups. Masks are still required for all people at school, unless exempted. I thank you for your understanding and support around these restrictions.

Primary News

On Wednesday, March 2nd the Primary School celebrated Dr. Seuss Birthday. Students learnt about Dr. Seuss background and how he became a famous children's author. Students came dressed as their favourite Dr Seuss character and participated in a range of activities throughout the day. We looked at the Dr. Seuss story 'Horton Hears a Who' and focused on a thing or two!

Chloe Goss & Vanessa O'Brien

Dr. Seuss continued

The Foundation/1 Class and the Year 2/3 Class looked at the Three Little Pigs in STEM. In small groups they had to design and make a house using only sticks, bark and masking tape to protect the Three Little Pigs from the Big Bad Wolf.

Flu Vaccinations for your family

This year we are offering a Family Flu Vaccination Clinic on

- **Wednesday 27th April 2022**
 - **Wednesday 4th May 2022**
- Appointments between 12pm and 3pm**

with our nurse able to vaccinate for 3 years of age, no script necessary for only \$19.95.

Without the vaccination infected people may become unwell for up to a week. Most patients take up to two weeks to recover from influenza. The best defence against the flu is to receive a dose of the influenza vaccine on an annual basis.

The flu vaccine can help to prevent a person from acquiring the flu, or to reduce symptoms. **More importantly, broad uptake of the flu vaccine by a population can significantly reduce the risk of virus transmission.**

If you are unable to attend this clinic our pharmacists are able to vaccinate from 10 years of age.

Our Pharmacists can also offer this vaccination in store without the need of an appointment or prescription for **\$19.95**.

For any more details please speak to our Retail Manager Kathryn in store.

Thank you
