

SUN PROTECTION POLICY

Eudunda Area School

Purpose

All department school sites and early childhood education and care services must have a sun protection policy in effect for school terms 1, 3 and 4 and whenever ultra violet (UV) radiation levels reach 3 or above. Sites must inform the school community including employees, students, parents and volunteers of the sun protection policy. Children and young people are encouraged to be responsible for their own sun protection.

Using sun protection

The school uses a combination of sun protection measures for all outdoor activities on and off-site **during terms 1, 3 and 4** including:

Clothing

Sun protective clothing is included in the school uniform/dress code and sports uniform. The clothing is cool, loose fitting and made of closely woven fabric. It includes shirts with collars and elbow length sleeves, longer style dresses and shorts and rash tops or t-shirts for outdoor swimming.

Sunscreen

Students must provide their own SPF 30 or higher broad spectrum, water resistant sunscreen and the school supplies SPF 30 or higher broad spectrum, water resistant sunscreen for staff and students' use.

Sunscreen is applied at least 20 minutes before going outdoors and reapplied every two hours if remaining outdoors.

Strategies are in place to remind students to apply sunscreen before going outdoors (e.g. reminder notices, sunscreen monitors and buddies). Sunscreen is available in classrooms and teachers will encourage students to apply before heading outside. There will be reminders on Daymap and posters around the school to remind and promote students to be sun safe.

Families with children who have naturally very dark skin are encouraged to discuss their vitamin D requirements with their GP or pediatrician.

Hats

All students and staff are required to wear hats that protect their face, neck and ears e.g. legionnaire, broad brimmed or bucket hats, whenever they are outside. Baseball or peak caps are not acceptable.

Shade

Care is taken during the peak UV radiation times, and outdoor activities are scheduled outside of these times or in the shade where possible.

Students are encouraged to use available areas of shade when outside.

SUN PROTECTION POLICY

Eudunda Area School

Students who do not have appropriate hats or clothing are asked to stay in the shade or a suitable area protected from the sun. Locations include the library, gym, outdoor kitchen, EASpresso trees, building 10 and primary block verandas.

Staff WHS and role modelling:

Staff will:

- wear sun protective hats when outside
- seek shade whenever possible.

Families and visitors are encouraged to use a combination of sun protection measures eg sun protective clothing and hats, sunglasses, sunscreen and shade, when participating in and attending outdoor school activities

Curriculum

Programs on skin cancer prevention are included in the curriculum for all year levels.

Sun Smart behaviour is regularly reinforced and promoted to the whole school community through newsletters, school homepage, parent meetings, staff meetings, school assemblies, student and teacher activities and in student enrolment packs.

The information has been extracted from the [Cancer Council SA SunSmart policy](#)
