MOBILE PHONE DEVICE POLICY

Eudunda Area School

Scope

This school policy is implemented in line with the Department for Education's Student use of mobile phones and personal devices policy, which applies to all government schools. This document provides direction to students, staff, and families about managing personal devices that students choose to bring to school.

For the purposes of this policy, **personal devices** include mobile phones, smart watches and other digital devices that are capable of sending or receiving messages or calls and/or able to connect to the internet, and personal laptops or iPads that are not owned by the school and have not been brought to school by the student under a separate Bring Your Own Device (BYOD) agreement.

Rationale

With the widespread and increasing ownership of mobile phones and other devices among students it is critical that schools, in partnership with families, provide clear guidance for students to become informed, safe, respectful, and responsible digital citizens.

It is the Department for Education's position that access to personal devices during school hours must be managed so that students can be fully present in their learning and in their interactions with their teachers and peers.

The aim of this policy is to help promote:

- safe environments with reduced negative impacts of inappropriate use of devices at school, such as cyberbullying, exposure to harmful content, and critical incidents that involve mobile phones
- classroom environments where teachers can teach, and students can learn, free from distractions caused by personal use of devices
- use of breaks as quality time away from screens, encouraging physical activity and play and meaningful face-to-face connections with peers.

Personal devices at school

Students are permitted to bring personal devices to school:

- as a measure to ensure their safety while travelling to and from school
- so that parents and part-time employers can contact them outside of school hours
- so they can be contacted about a person under their own care, where applicable
- to be used during school hours in line with an exemption that has been approved by the school under this policy.

While students are at school, or attending school activities, they must comply with any reasonable directions given by school staff in line with this policy regarding their personal devices.

MOBILE PHONE DEVICE POLICY

Eudunda Area School

The Department for Education's policy requires all students at all department schools to **keep personal devices 'off and away' between the start and end of each school day, and while they are attending school activities off-site, such as camps and excursions.**

Students will not be able to access their personal devices at any time during school hours, unless they have received an approved exemption from the school to use the device for a specific, agreed reason. This means both physical access and remote access (e.g. connecting with the personal device via hotspot or using paired headphones).

Personal Headphone Use

Headphones must be kept out of sight and stored safely in a pencil case, laptop bag, locker, or another appropriate location. Headphones are not to be used before school, during recess, or at lunchtime but may be used in class under the following conditions:

- During a designated study period.
- With teacher permission, either as a directive or upon student request.

Students must not wear headphones while the teacher is providing instruction, when the class as a whole is being addressed, or when they are being spoken to individually.

Device Guidelines:

- **Year 11 and 12 students** may use wireless headphones, but they must be connected to a laptop or computer—not a phone or smartwatch.
- **Students in Year 10 or below** must use corded headphones.

Storage of personal devices at school

Students will turn their devices off or place them in flight mode before putting them away. This includes taking off and storing any wearable technology that fits the definition of this policy, such as smartwatches.

Students are required to keep all personal devices, along with their school bags and any other belongings not required for class, in their individual lockers. Students are reminded to ensure they lock their lockers securely between uses and keep their padlock combination private.

Responses to non-compliance

Where students use a personal device at school without an approved exemption, or use it inappropriately, a response will be provided in line with the school's behaviour support policy.

MOBILE PHONE DEVICE POLICY

Eudunda Area School

If students being asked to hand over their device to a staff member (confiscation) is a possible consequence, you must include details of how and where the student's device will be securely stored and returned by the end of the same school day.

Where a student repeatedly and intentionally breaches the requirements of this policy, or refuses to follow a staff member's direction to hand over a personal device that has been used inappropriately, a member of the school leadership team will contact home.

Where a student's misuse of personal devices is serious, it may be necessary for the school to consider responses in line with the department's suspension, exclusion and expulsion of students procedure, or to contact South Australia Police if the behaviour is suspected to be illegal.

Exemptions

Exceptional circumstances

Individual students may have extenuating reasons for needing access to their personal device during school hours, such as where:

- the device is used to monitor or help manage a health condition
- the device is a negotiated adjustment to a learning program for a student with disability or learning difficulties
- the device is used for translation by a student with English as an additional language
- the student has extenuating personal circumstances that require them to have more ready access to their personal device, such as being a parent themselves or a primary carer to a younger sibling or unwell family member.

Please contact the school if you need to request an exemption due to exceptional circumstances. These requests will be considered by the principal (or delegate) on a case-by-case basis. If approved, the exemption will be recorded in the student's file or health care/learning plan as appropriate.

Temporary exemptions for other agreed purposes

The following temporary exemptions may be made available to students at the discretion of individual teachers.

All exemptions are subject to the device being used appropriately and only for the purpose specifically permitted by the teacher. Personal devices must be put 'off and away' immediately after the exempted activity has concluded, and not brought to future lessons/activities without explicit teacher permission.

- Class teachers may give permission for students (on an individual or whole-class basis) to use personal devices in the classroom for a specified learning activity.

- Individual students can negotiate with their class teachers on an ad-hoc basis if they wish to access a personal device for a non-educational purpose (such as expected contact from a part-time employer or for a wellbeing reason).
- Students may be permitted to bring personal devices on a camp or excursion for learning purposes and/or to facilitate contact with their families at specified and supervised times. Expectations regarding student use of devices on the camp or excursion will be detailed in parent consent information.

- Encourage their child not to bring a personal device to school unless necessary. Understand that the department does not provide insurance for accidental loss or damage to personal property that is brought onto school grounds (however, claims may be met under the department's public liability insurance where the loss or damage can be attributed to a negligent act or omission on the part of the school – the school will contact the department for advice if this may be the case).
- Use the school's formal communication channels in all instances to communicate with the school or to make contact with their child during school hours (including where a student requires early collection from school).
