CAMPS, EXCURSIONS & SPECIAL EVENTS PARENTS/STUDENTS

Eudunda Area School

At EAS, teachers are encouraged to plan appropriate opportunities for students to extend their learning outside the classroom. It is anticipated that, during their schooling, students will participate in a range of excursions, camps and special activities.

The curriculum camps for each year level take precedence over any extracurricular camps. Students must attend their curriculum camp to be eligible for participation in any extracurricular camps.

Involvement in knockout sport, camps, excursions or special activities will not be offered to students if they are deemed a risk and/or their behaviour, co-operation with the school or work output is not satisfactory. This may mean students who:

- are excluded or suspended
- have received 3 x Behaviour Reports
- do not regularly follow the schools code of conduct
- are seen as a risk via the risk assessment matrix
- do not have an attendance rate of 85% or greater (this applies to non-curriculum related activities)
- have not paid or have not entered into an agreement to pay by the excursion date
- do not have a complete student participation form with all teachers agreeing on a student's participation based on academic, attendance and behavioural grounds. (Should be completed by students at least ONE week prior to the knockout sport, camp, excursion or special activity)

Organising teachers will contact parents/guardians at least 72 hours prior to the event to explain why their child will not be attending based on an infringement of one of the above reasons.

At EAS, teachers are committed to making students and parents aware of impending excursions, camps or special activities well in advance to support families in their financial planning and to give students the best opportunity to have all work up-to-date, or modify their behaviour prior to the activity.

This policy will be reviewed as part of the school's three-year review cycle. Ratified June 17th 2026
